# Shamali Kather

Product Manager | AI · B2B SaaS · B2C · UI/UX

+91 8888123061 · ishamalikather@gmail.com · linkedin.com/in/shamalikather · Portfolio: **shamalikather.com**

## PROFESSIONAL SUMMARY

Product Manager with 5+ years of experience building and scaling B2B SaaS products from zero to one and beyond. Known for identifying market gaps, setting product strategy, and making prioritisation calls rooted in customer research and data. Key results across roles: a platform projected at $1.2M+ ARR in year one, AI automation reducing analyst processing time by 60%, CSAT up 20% after a UI overhaul, and 75% fewer production bugs through structured delivery practices. Scaled a fintech portfolio from pre-revenue to a $55M+ Series B backed by Goldman Sachs, Blackstone, and Hamilton Lane, now approaching Series C. Background spans AI products, enterprise fintech, B2C e-commerce, and growth platforms. Currently leading product portfolio at Kelp Global.

## PROFESSIONAL EXPERIENCE

### Kelp Global, Mumbai — May 2026 to Present

*AI-powered private equity intelligence platform covering deal identification, pipeline management, and portfolio value creation*

**Product Manager, Excellence**

- Responsible for the full product portfolio across three products, setting roadmap priorities and maintaining operational standards aligned to business goals and client outcomes.
- Brought prospect turnaround time down to under two days across all product lines, improving early-stage client satisfaction and supporting sales momentum.
- Standardised internal workflows and processes to market benchmarks, giving cross-functional teams a shared operating rhythm and faster execution.

### 73 Strings, Bangalore — Jun 2021 to May 2026

*AI-powered financial intelligence for alternative asset managers | Series B: Goldman Sachs, Blackstone, Hamilton Lane | ~$10T client AUM | Scaled pre-revenue to $55M+ Series B*

**Product Manager II** — Jan 2024 to May 2026

- Defined strategy and owned delivery of an enterprise data collection platform projected to generate $1.2M+ ARR in year one, covering scope definition, build vs buy decisions, and GTM alignment from the ground up.
- Identified a critical bottleneck in manual data processing and shipped an AI-based extraction system with an intelligent review assistant via the PDFtron API, achieving 90% accuracy and cutting analyst processing time by 60%.
- Acted as Product Owner across three strategic products, setting up OKR-aligned roadmap governance and making deprioritisation calls based on client KPIs and business impact.
- Presented in enterprise client demos and executive reviews, connecting complex AI capabilities to concrete business value and contributing to feature adoption and contract renewals.
- Grew the PM function by bringing in and mentoring Associate PMs, introducing PRD templates, discovery practices, and shared standards for evidence-based decisions.

**Product Manager** — May 2023 to Jan 2024

- Built a data approval and verification system that removed manual handoffs from the review process, improving data accuracy and creating a clear audit trail for enterprise clients.
- Surfaced UX fragmentation as a retention risk through user research and led a complete interface overhaul that lifted CSAT scores by 20% within the quarter after launch.
- Introduced structured PRD and UAT practices across the team, reducing production bugs by 75% and making releases more predictable and consistent.

**Product Associate** Jun 2021 to May 2023

• Took a new product line from concept to market across strategy, user research, PRDs, design, and go-to-market, reaching 80% client adoption within the first release cycle.

• Proposed and built an internal UI component library that standardised reusable elements across products and freed up an estimated 15 to 20% of front-end development time.

**Dopest.io**, Odense, Denmark Jun 2025 to Aug 2025

*GEO, SEO and performance marketing studio for B2B SaaS, MarTech and E-commerce*

**Product Consultant, Freelance**

• Scoped and launched the market-entry website in five weeks with full ownership of positioning, copy strategy, design coordination, and delivery, on time and within brief.

• Created the brand identity system from scratch covering visual language, UI themes, and guidelines tuned to the target market and customer expectations.

**The Spacesmith**, Pune Sep 2024 to Mar 2026

*Architecture and interior design firm*

**Co-Founder**

• Co-founded a design firm that reached Rs. 1Cr in turnover in the first year, growing into a self-sustaining operation with no external funding.

• Designed operational systems, project tracking, team structure, and client workflows that allowed the firm to run and scale independently.

**Nordika**, Odense, Denmark May 2024 to Aug 2024

*Scandinavian home interior e-commerce platform for the European B2C market*

**Product Consultant, Freelance**

• Led product development for a B2C e-commerce platform targeting European consumers, owning product vision, feature scope, and team coordination from kickoff through to handover.

• Designed the full visual identity and design system including logo, UI themes, and brand guidelines, grounded in research on European shopping preferences.

**Girish Joshi and Associates**, Mumbai Jun 2018 to May 2019

*Architecture and project management firm*

**Architect**

• Managed design and delivery across 12 construction projects, handling client relationships and keeping scope, schedule, and cost aligned throughout.

## AWARDS AND RECOGNITION

**1st Place, AI Hackathon | 73 Strings Internal | Team of 4** Feb 2026

Built an autonomous multi-agent system that migrates Java repositories from legacy to the latest version in under three minutes, replacing a manual process that took two to three weeks per repository. Cleared a backlog equivalent to two-plus years of developer effort across 60 repositories and resolved associated security vulnerabilities. Built entirely with AI tools in three days, no traditional code written.

## EDUCATION

**M.Des in Design Management | MIT Institute of Design, Pune** 2019 to 2021 | First Class with Distinction

**B.Arch, Architectural Design | Minerva College of Architecture, Pune** 2013 to 2018 | First Class
