PROFESSIONAL EXPERIENCE

Kelp Global, Mumbai — May 2026 – Present

Product Manager, Excellence | *AI-powered private equity intelligence platform*

- Own strategy and roadmap for a **three-product** PE portfolio; rebuilt delivery processes to market standard, achieving **30% faster deliverables**.
- Led the portfolio value creation revamp as product owner, shipping **14+ backlog features**, clearing **~70%** of the pending queue and strengthening client retention.
- Cut prospect turnaround from **2–3 weeks to under 2 days** across all three product lines, removing the biggest friction point in the sales cycle.
- Implemented an **AI chatbot across the full product portfolio**, helping PE clients get faster answers and reducing support queries by **45%**.

73 Strings, Bangalore — Jun 2021 – May 2026

AI financial intelligence for alternative asset managers | ~$10T client AUM | Series B: Goldman Sachs, Blackstone, Hamilton Lane

Product Manager II — Jan 2024 – May 2026

- Rebuilt a failing data collection platform (strategy, scope, build vs. buy, GTM) into **₹40Cr+ (~$4.8M ARR) in one year**, 4× the ₹10Cr forecast.
- Fixed a manual data processing bottleneck by shipping an AI system that extracts clean, structured data from unstructured documents, with an intelligent review assistant (PDFtron API); reached **90% accuracy** and cut analyst processing time by **60%**.
- Led a cross-functional team of **18** across three products, owning OKR roadmaps and the client narrative that drove adoption and renewals.
- Hired and mentored **4 Associate PMs** and established the PM function's PRD templates, discovery practices, and evidence-based standards.
- Coordinated SOC 1 and SOC 2 Type II compliance, achieving **successful certification** and strengthening enterprise client trust.

Product Manager — May 2023 – Jan 2024

- Surfaced UX fragmentation as a retention risk via user research; led an interface overhaul that lifted **CSAT 20%** within a quarter.
- Introduced structured PRD and UAT practices, reducing production bugs by **75%** and making releases predictable.
- Built a data approval and verification system that removed manual handoffs, cutting approval time from **weeks to one day**.

Product Associate — Jun 2021 – May 2023

- Took a new product line from scratch to market (strategy, research, PRDs, design, GTM), reaching **80% client adoption** in year one.
- Proposed and built a shared UI component library, freeing an estimated **15–20%** of front-end development time.

Girish Joshi and Associates, Mumbai | **Architect** — Jun 2018 – May 2019

- Managed design and delivery of **12 construction projects**, owning client relationships, scope, schedule and cost.

INDEPENDENT VENTURES & CONSULTING

The Spacesmith, Pune | **Co-Founder** — Sep 2024 – Mar 2026

- Co-founded an architecture and interior design firm; reached profitability and **₹1Cr turnover** in year one.
- Built the firm's operational backbone by establishing workflows for project execution and client management, implementing project tracking to improve visibility and accountability, defining team roles and responsibilities, and developing its brand positioning and client experience.

Dopest.io, Odense, Denmark | **Product Consultant, Freelance** — Jun 2025 – Aug 2025

- Scoped and launched a B2B SaaS marketing studio's market-entry website in **five weeks**, owning positioning and delivery.

Nordika, Odense, Denmark | **Product Consultant, Freelance** — May 2024 – Aug 2024

- Led product development of a B2C e-commerce platform for European shoppers, owning vision, feature scope and delivery.

AWARDS

1st Place, AI Hackathon | 73 Strings Internal, Team of 4 — Feb 2026

Built a multi-agent system that migrates legacy Java repos in **under 3 minutes** vs. 2–3 weeks manually, clearing **2+ years** of backlog (60 repos).
